Read the following passage, then answer the questions:

The sun was high in the sky and the rays shone directly on a bare piece of ground in the forest. In the centre of this bare spot there was something that looked like a large stone; it was a tiger.

The tiger lay quite still. It was no longer able to attack the deer that were so easy to kill when it was young. They moved too quickly for it now. In order that it might live, it found itself forced to hunt the weakest animal of all, namely man. In other words, the tiger became a man-eater. It would wait impatiently near the stream until some unfortunate woman came near enough for it. When the men of the village arrived at the scene of the killing, the tiger was far away.

People began to talk about it. Some of them made efforts to find it, but in vain. The tiger's habit of never going to the same place where it had once killed made it very difficult to know where it was. Tricks of all kinds were tried. Traps were cleverly laid but the tiger escaped them all.

One morning the people of the village were surprised. They found the tiger lying dead near the lake. The villagers discovered that the old tiger had a fight at night with a big buffalo.

V. Answers following questions:

35-

What did the old tiger hunt?

It hunted people (some unfortunate women).

36-

Why was it difficult for the villagers to kill the tiger?

It was difficult for the villagers to kill the tiger because of the tiger's habit of never going to the same place where it had once killed.

Read the following passage, then answer the questions:

A sedentary lifestyle is a type of lifestyle with no or irregular physical activity. A person who lives a sedentary lifestyle may colloquially be known as a couch potato. It is commonly found in both the developed and developing world. Sedentary activities include sitting, reading, watching television, playing video games, and computer use for much of the day with little or no vigorous physical exercise. A sedentary lifestyle can contribute to many preventable causes of death. Screen time is the amount of time a person spends watching a screen such as a television, computer monitor, or mobile device. Excessive screen time is linked to negative health consequences. Sitting still may cause premature death. The **risk** of having chronic diseases is higher among those who sit still more than 5 hours per day. People who sit still more than 4 hours per day have a 40 percent higher risk than those who sit fewer than 4 hours per day.

VII. Answer the following questions:

40-

Why is a sedentary lifestyle so dangerous?

A sedentary lifestyle can contribute to many preventable causes of death. Sitting still may cause premature death. The risk of having chronic diseases is higher among those who sit still more than 5 hours per day. People who sit still more than 4 hours per day have a 40 percent higher risk than those who sit fewer than 4 hours per day.

41-

How do you think people can solve the problem of sedentary lifestyle?

I think they can do some activities which involve using physical power or they can do a sport.

- 42- Mention some types of people who are likely to live a sedentary life?
